All,

I am planning to fly out of [redacted] on Wednesday morning, though there's a chance I'll need to change to the late night flight on the 9th. Given this uncertainty, I'm planning to keep my car reservation.

Fred

Xiaoyu,

Sure, I'd be happy to take you to [redacted] with me after the site visit on Tuesday, Feb. 9. Is anyone else flying into/out of [redacted] on Feb. 9?

Kent,

Good point; I don't know if we need three vehicles. Is anyone flying into/out of [redacted] Ex. 3 (CERCLA section 104(e)(7)(42) USC 9604(e)(7)(B)) We probably need one car per airport because of [redacted] traffic and saving money on taxis/transit by carpooling in our rental vehicles. So at least two cars: one for [redacted] and one for [redacted]. If we only need two rental cars Fred or I could cancel one of the rental cars. Thoughts?

Please correct me if I'm wrong; I may have missed something in prior email strings.

Sincerely,
Marcus Aguilar

Thanks to Jackie for helping with logistics. One more logistics item. I think we have 7 people and 3 cars (Fred, Marcus, and Kent). I'm just checking to make sure we need all three vehicles - and we might. Annette and I are going to [REDACTED] airport at the end of the day Feb 9th. Do we need the two other vehicles to get people to their destinations the evening of Feb 9th?

Thanks,
Kent

All,

Gina informed us that it will probably be 80 degrees and sunny next week in so plan accordingly. Also, for the facilities tour, people should wear solid, closed-toe shoes (they don't need to be steel-toed). Gina is double checking with the facilities, but it is her understanding that any additional PPE will be provided.

Here are some cell phone numbers for people coming on our end:

Fred Hauchman
Kent Thomas
Chris Carusiello
Marcus Aguilar
Scott Deitchman
Annette Guiseppi-Elie

Others can add their phone numbers to this list if they wish.
